Actions

- Set up a book group to read: Good Guys how to be better Allies for women in the workplace and reflect together on any practical steps can be taken.
- Have an evening discussing the facts from this pack and listen to stories of men and women's experiences in the workplace.
- Hold a 'this time tomorrow' slot in your service interviewing different women about their experience of work and ask how you can pray for them to reach their God-given potential in their workplaces. Perhaps ask for points for praise and points for prayer.
